Medical Trolleys and Bedside Cabinets

PURPOSE-BUILT MEDICAL FURNITURE FOR EFFICIENCY AND EASE

In today's fast-paced healthcare environments, delivering quality care with immediacy is more crucial than ever. A well-organized healthcare space not only enhances workflow efficiency for caregivers but also contributes to a better healing experience for patients.

At Swaaro Care, we are committed to providing innovative healthcare equipment and intelligent space solutions designed to optimize safety, organization, and efficiency within medical facilities. Our products support healthcare professionals in streamlining their daily operations, allowing them to focus on what truly matters—patient care.

During emergencies, medical trolleys become an indispensable tool, enabling the swift transportation, storage, and organization of vital medical supplies, equipment, and medications. Whether in ICUs, emergency rooms, or general wards, our trolleys are designed to meet the evolving needs of modern healthcare facilities.

In addition to medical trolleys, bedside cabinets play a crucial role in enhancing patient care and convenience. Designed for durability and ease of use, our bedside cabinets offer ample storage for personal belongings, medical essentials, and patient care items. Their ergonomic design ensures easy access for both patients and healthcare providers, making them an essential component in hospitals, clinics, and long-term care facilities.

At Swaaro Care, we take pride in offering reliable, innovative, and tailored solutions to meet the dynamic needs of healthcare providers. Let's create safer, more efficient, and better-equipped healing spaces—together.

Bedside Cabinets Series

Material

The cabinet is made of first- grade cold-rolled steel plate, the countertop is made of stainless steel 304.

Track&Key

It adopts full-scale steel ball mute slide rails, and there is no abnormality in 10,000 push-pull tests. Drawer bears 35Kg.

Hinges

The 304 hydraulic buffer hinge is durable, which can realize the gentle closing of the cabinet door and protect the cabinet door.

Buckle hand

The recessed handle is ergonomic and shows vitality.

Table top

Stainless steel material, clean and bright appearance, easy to clean, and strong corrosion resistance.

Castors

Universal wheel design, the front 2 wheels have their own brakes, it is not easy to move after locking, can travel 5 kilometers, and bear a load of 100Kg.

Swaaro Care Series

Bedside Cabinets

Model: SC-MBC-001-BL

Specifications:

Material:

- Powder-coated mild steel with Stainless Steel top

Dimensions:

- (LxWxH) 400mm x 400mm x 850mm

Storage:

- 1 spacious drawer with smooth ball-bearing slides
- 1 secure cabinet with a sturdy hinged door
- Open shelf for easy-access storage
- Mobility: 4 smooth-rolling castor wheels (2 with brakes)

Structure:

- Durable metal frame ensuring long-lasting use
- Ergonomic handle for easy drawer and cabinet access
- Soft-close hinges for smooth operation

Additional Features:

- Scratch-resistant powder-coated finish (white & blue color scheme)
- Easy to clean & disinfect – ideal for hospital and clinical settings
- Load Capacity: Designed to hold lightweight to medium-weight medical supplies
